

** Strategic linkage Transport & Public Realm	(i) ensure any proposed developments would fit surrounding city centre & blend with public realm & transport network if development was completed. (ii) ensure temporary traffic management plans are realistic for during developments' construction phase (iii) ensure citywide infrastructure projects (cycle, tram trade waste) fit with surrounding transport/public realm (iv) ensure city centre links with Leith/West End & other programmes at key interfaces with city centre
** Public Realm	Public realm strategy, Street design guidance, Streetscape
** Declutter	Begin with audit of spaces in Public Spaces Manifesto
** National Cycle Network	Ensure linkage at West End, George St, St Andrew Sq, onto Picardy Place, integration with Leith Programme
** Active Travel Action Plan & City Wayfinding Scheme	Create better spaces and facilities for pedestrians, cyclists & public transport.
** Relate cultural & built heritage	Working with NGS, Festivals & other prominent artists in city to introduce installations/attractions
** Promote city's Hidden Gems	Broughton Street, West End, Stockbridge, Old Town, Calton Hill, Thistle Street, Charlotte Lane, Grassmarket, Dean Village, town centres, via marketing & wayfinding
** Business & Tourism focus	The provision of all the above should further increase visitor numbers & footfall in all areas of the city, and encourage visitors to linger longer & visit frequently
** Public Spaces Manifesto KEY task to deliver, holding everything else back at present, urgently required	Via trial, research & consultation over 12-18 months BOLD initiative - charging rent for events space Initiated by report to CPS Committee in May 2015.
