

LEITH
street
WILL BE
CLOSED FOR CRANE
INSTALLATION

In the coming months, Leith Street will be closing for a short period. This closure will allow cranes to be installed for the nearby Edinburgh St James development.

The works will run in two separate phases:

PHASE 1

Start date: 5 May 2019
End date: 25 May 2019

PHASE 2

Start date: 6 June 2019
End date: 11 June 2019

Leith Street will re-open in between these phases of work. We would like to apologise for the inconvenience that this will cause and thank you for your patience.
