# *Community Council Boundary Review 2023*

# NTBCC's six natural neighbourhoods

**NTBCC** has six **‘natural neighbourhoods’** as described and mapped in 2004 and updated in 2014.

All of these are wholly within present NTBCC boundaries, except for the New Town and Calton Hill, which include some mainly non-residential, park and commercial areas outside the present borders.

New Town, Calton Hill and Gayfield/Broughton Road are all within the City Centre Ward.

Most of Bellevue/Broughton and the whole of Broughton Road/Powderhall are in Leith Walk Ward, while Canonmills is divided between Inverleith and Leith Walk.

The areas vary a lot in size. The maps are not to scale.

# Options:

1. Make no submission and **wait and see** what happens.

2. Keep the **present boundaries** of NTBCC — but arguably endorsing unequal and unreformed CCs.

3. Keep the present boundaries of NTBCC **within the City Centre Ward** — supporting more equal and viable CCs for the whole of Edinburgh.

4. Adopt boundaries based on the **natural neighbourhoods** of New Town, Calton Hill, Gayfield/Broughton Street, and perhaps Bellevue/Broughton (but not Canonmills/Powderhall?) — which would only affect our irregular northern boundary, given that the southern, eastern and western boundaries are well-defined (by both the present boundary and the natural neighbourhoods), but which could be a useful principle for other parts of the city.
