Background to Application (*Please give some details of the potential project or timeline of issues / concerns over a period of time)*

The roundabout at the junction of Annandale Street and East London Street is often blocked with traffic backed up from the junction with Leith Walk. As a result, the residents of Huntingdon Place are blocked from being able to access the roundabout. In order to improve traffic flows at this roundabout it is proposed to put a yellow box on the roundabout with appropriate signage so that it remains free to other traffic when the route to Leith Walk is congested.

Issues & Opportunities (*Please detail the issues experienced and what improvements the community hope may be delivered, e.g. what hazards or barriers to travel that you would like to have addressed)*

This suggestion is being made purely to improve traffic flows at a busy junction
